

Assoc. Prof. Dr. Muhittin Emre ALTUNRENDE

Brain and Nerve Surgery

Medical Area of Interest and Activities

- Functional Neurosurgery (Parkinson's, Deep Brain Stimulation)
- Brain and Spinal tumors
- Spinal degenerative diseases

Education

- Istanbul University Cerrahpaşa Faculty of Medicine
- Trakya University Faculty of Medicine Brain and Nerve Surgery

Experience

- Ankara Gülhane Military Medical Academy Brain and Nerve Surgery
- Osmaniye State Hospital
- Bolu State Hospital
- Private Taksim German Hospital
- Taksim Training and Research Hospital
- Istanbul University Faculty of Medicine Brain and Nerve Surgery
- Liv Hospital Ulus

Research and Publications

- Development of micro-neurosurgery laboratory training model for orbita and optical nerves on fresh lamb cadaver (2007)
- Effect of Astaxanthin on NMDA sub units and MRNA expression levels in Primary Cortical Neurons
- Articles in International Journals (18)
- Chapters in International Books (1)
- Articles in National Journals (5)
- International Papers (12)
- National Papers (24)

Memberships

- Turkish Neurosurgery Society
- Turkish Medical Association
