English

#### PLACE OF BIRTH

Turkey

## EXPERIENCE

Specialist Dr. Toluy Özgümüş graduated from Istanbul University, Cerrahpaşa Faculty of Medicine in 2008 and completed his internal medicine specialty training at Haydarpaşa Numune Training and Research Hospital between 2009-2013. He received his hematology minor specialty training at Marmara University Hematology Department between 2014-2017 and completed his compulsory service at Kars Harakani State Hospital between 2017-2019. He worked at Sancaktepe Şehit Prof. Dr. İlhan Varak Training and Research Hospital between 2019-2023.

He is experienced in the field of bleeding and coagulation disorders, especially coagulation disorders (thrombophilia), and has dealt with the diagnosis and treatment of more than 1000 patients. Since he worked in the pandemic hospital of the Anatolian side of Istanbul during the pandemic period, he has extensive experience in hematologic manifestations of Covid-19 infection and management of Covid-19 infection in hematologic diseases. He has hundreds of patients' experience in the diagnosis, differentiation and treatment of myeloproliferative disorders such as Polycythemia Vera and Essential Thrombocytosis from other often confused causes of elevated blood cells. He has experience in the diagnosis and treatment of rare hematologic cancers such as multiple myeloma, acute and chronic leukemias, lymphomas, histiocytosis and bone marrow transplantation.

## MEDICAL AREAS OF INTEREST
