

PROF. DR. İdiris ALTUN

Neurosurgery

Brain Tumors
Spine tumors
Pituitary surgery
Brain biopsy
Lumbar and neck hernias
Spine degeneration surgeries
Hydrocephalus surgeries
Pediatric brain surgery operations
Endoscopic third ventriculostomy
Trigeminal neuralgia blockades and surgeries
Non-surgical back and neck pain procedures

LANGUAGES

English

PLACE OF BIRTH, DATE

Turkey,

PRESENT

- ◆ Hisar Intercontinental Hospital

EXPERIENCE

Prof. Dr. İdiris Altun completed his residency in Kahramanmaraş Sütçü İmam University Faculty of Medicine, Department of Neurosurgery in 2012. In 2009-2010, he received training in Barrow, Arizona, USA. After his specialty training, he worked as a specialist, assistant professor, associate professor and professor in Kahramanmaraş Sütçü İmam University Faculty of Medicine, Department of Neurosurgery between 2012-2023. During his tenure, he performed many surgical procedures related to his field. He has successfully performed lumbar and cervical hernias, lumbar and cervical narrow canal surgeries, spinal trauma surgeries, head trauma surgeries, pediatric neurosurgery surgeries, brain and spine tumor surgeries. In 2017, he received endoscopic pituitary surgery training at Kocaeli University and started pituitary surgery and skull base surgery in Kahramanmaraş. He has performed trigeminal neuralgia surgery and blockage, non-surgical back and neck pain interventional procedures, endoscopic brain surgeries and performed a wide range of stereotaxic brain biopsy procedures. Since 2023, he continues to work as a faculty member at Istanbul Rumeli University.
