

Prof. Hakan YANAR, MD

General Surgery

Medical Interests and Activities

- Gastrointestinal diseases
- Oncologic laparoscopic surgery
- Anorectal area diseases
- Urgent surgical cases (acute cholecystitis, divertikülit, ileus, pankreatit, appendicitis)
- Colon and rectum cancer
- Treatment of oncologic surgical cases with further laparoscopic and robotic surgery.
- Laparoskopik hernia surgery
- Esophagus and stomach cancer
- Selim anorectal diseases (hemorrhoidal disease, anal fissure), perianal fistula, pilonoidal sinus (hairless- non-surgical treatment)

Education and Experience

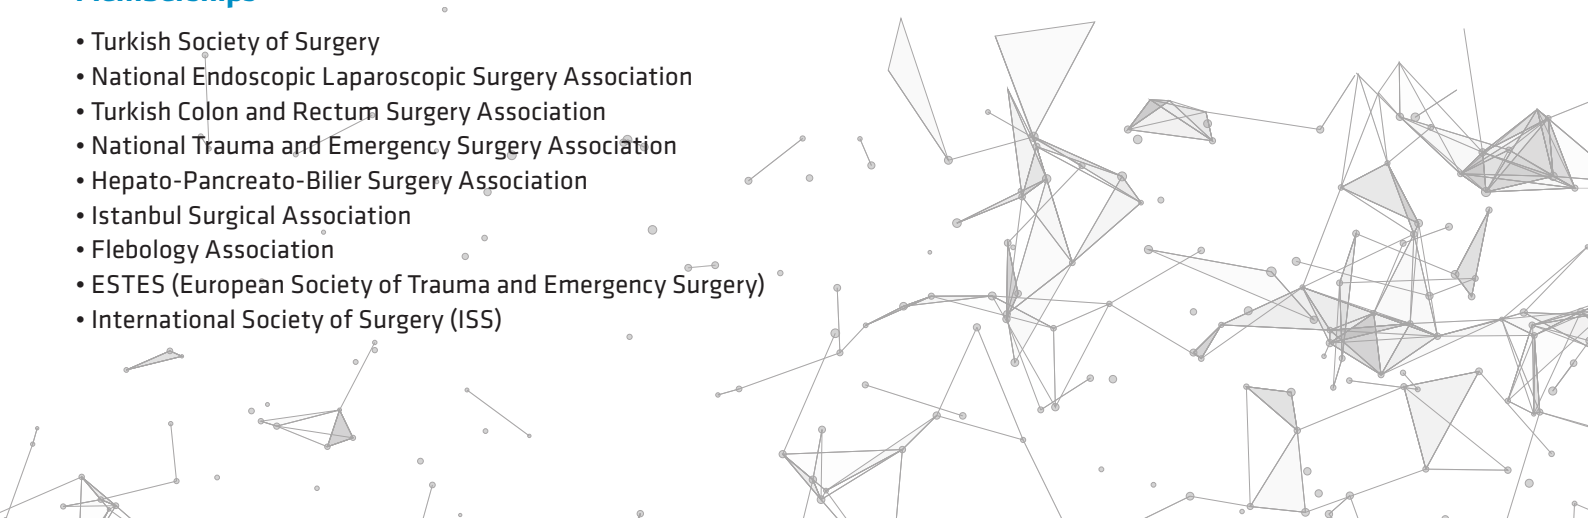

- İstanbul University Medical Faculty 1988
- University of Colorado Health Science Center – Intern Surgeon
- Isparta, Dedeçam Şehit Ramazan Karaca Health Center (1995-1996)
- İstanbul Surgery Hospital – American Hospital (2000-2001)
- Chief assistant İstanbul Medical Faculty, Department of General Surgery (2001-2008)
- World Congress on Peritoneal Surface Malignancies (HIPEC course) Berlin, Germany (2012)
- USC Keck School of Medicine, Los Angeles, CA, USA (2006-2007)
- Assoc. Prof. M.D. , İstanbul Medical Faculty General Surgery (2008-2014)
- Da Vinci Robotic Intensive Course at IRCAD, Strasbourg, France (2011)
- Stony Brook Medicine Cadaver Training Event in Colon and Rectal Surgery, New York, USA (2016) (Instructor)
- Fellow of the European Board of Surgery- Emergency Surgery (FEBS EmSurg) Honorary Diploma (2017)
- Prof. M.D. , İstanbul Medical Faculty General Surgery (2014 -2017)
- İstanbul University Medical Faculty – General Surgery Master of Science 1996
- University of Southern California Medical Center, Department of General Surgery, Los Angeles, USA – February 2006 – February 2007

Scientific Publications

- Endoscopic Laparoscopic & Minimal Invasive Surgery Journal Editorial Board / National Scientific Committee
- UTACD Assist. Editor

Memberships

- Turkish Society of Surgery
- National Endoscopic Laparoscopic Surgery Association
- Turkish Colon and Rectum Surgery Association
- National Trauma and Emergency Surgery Association
- Hepato-Pancreato-Bilier Surgery Association
- İstanbul Surgical Association
- Flebology Association
- ESTES (European Society of Trauma and Emergency Surgery)
- International Society of Surgery (ISS)

Research and Publications

- Scar tissue formation on the colon anastomosis and effects of the lathyritic medications

International and Domestic Publications

- International Articles: 60
- National article: 20
- Referee Position in International Journals: 3
- International Conferences, Panel, Symposium and Course Discussions: 19
- National Conferences, Panel, Symposium and Course Discussions: 56
- International book section author: 2
- National book chapter author: 10
- Book translation editor: 3
- Book chapter translation: 17

Course & Congress and Other Certifications

- Cytoreductive surgery (CRS) in Robotic Surgery
- Hyperthermic intraperitoneal chemotherapy (HIPEC) in Peritoneal Surface Malignancy
- Fellow of the European Board of Surgery- Emergency Surgery (FEBS EmSurg) Honorary Diploma
