

PROF. CEM ARITÜRK, MD

Cardiovascular Surgery

Medical Interests

- Peripheral Arterial Disease Medical treatments, diagnostic angiography, percutaneous peripheral arterial procedures (knee-above balloon/stent angioplasty, atherectomy), peripheral artery surgery, hybrid treatment methods
- Venous Diseases: Interventional endovenous treatments (radiofrequency, adhesive and pharmacomechanical ablation), varicose surgery, perforating venous surgery, aesthetic varicose treatment (sclerotherapy, transcutaneous laser/radiofrequency), medical and interventional DVT and pulmonary embolism treatment, hybrid surgery in chronic DVT, venous stent implantation
- Carotid artery surgery
- Percutaneous (EVAR-TEVAR) and surgical treatment of abdominal and thoracic aortic diseases
- Open heart surgery: Diseases requiring cardiac surgery in adults
- Minimally invasive and Robotic cardiac surgery

Education

- MEB(Ministry of Education) Kalamış Kemal Berktaş Primary School
- MEB(Ministry of Education) Bora Anatolian High School
- İstanbul University Cerrahpaşa Faculty of Medicine
- Dr. Siyami Ersek Thoracic and Cardiovascular Surgery Training and Research Hospital

Experiences

- 2003-2010 Dr. Siyami Thoracic and Cardiovascular Surgery Training and Research Hospital
- 2010-2012 Kahramanmaraş State Hospital, Cardiovascular Surgery Clinic
- 2012-2017 Acibadem Healthcare Group, Kadıköy Hospital
- 2017-2018 Acibadem Healthcare Group, Altunizade Hospital
- 2018-2020 Acibadem Healthcare Group, Fulya Hospital
- 2020-2022 Sancaktepe Prof Dr İlhan Varank Training and Research Hospital

Research

- Project manager in the ongoing project titled "The Effect of Topical Rifamycin Use in Open Heart Surgery on Surgical Site Infections", coded ATADEK 2012-370, which was accepted at the 60th meeting of Acibadem University Ethics Committee on 07.08.2012.
- Project manager in the ongoing project titled "How Reliable is CoaguChek XS Monitoring INR in Cardiovascular Surgery Patient Population?", coded ATADEK 2012-418, which was accepted at the 68th meeting of Acibadem University Ethics Committee on 18.12.2012

- Assistant researcher in the ongoing project titled "Evaluation of the effect of non-pulsatile current on microcirculation from the sublingual area with a hand-held microscope (IDF-CytoCam Braedius Medical, Naarden the Netherlands)", coded ATADEK 2013-540, accepted at the 87th meeting of the Acibadem University Ethics Committee on November 05, 2013.
- Assistant researcher in the ongoing project titled "Comparison of the Effects of Open, Bridging and Endoscopic Techniques Used in Saphenous Vein Graft Preparation on Saphenous Vein with Light and Electron Microscopy", coded ATADEK 2013-568, accepted at the 92nd meeting of Acibadem University Ethics Committee on January 28, 2014.
- Assistant researcher in the ongoing project titled "Comparison of the Techniques of the Intake of Serum Physiological Solutions Used for Various Purposes in Open Heart Surgery in terms of Contamination and Related Infection Development", coded ATADEK 2014-588, accepted at the 93rd meeting of Acibadem University Ethics Committee on February 11, 2014.

Publications

7.1. Articles published in international peer-reviewed journals (SCI & SSCI & Arts and Humanities) ... 25

- 7.1.1. Kurc E, Aydemir NA, Sargin M, Ariturk C. Traumatic Aneurysm in Persistent Sciatic Artery. *Innovations: Technology and Techniques in Cardiothoracic and Vascular Surgery*. 2010;5(2):131-3
