I was born in 1968 in the Gülnar district of Mersin Province.

After graduating from elementary and middle school, I continued my education at Kuleli Military High School between 1981-1985. Afterward, I studied at Hacettepe University Faculty of Medicine in English between 1985-1992. I completed my residency at Dr. Zekai Tahir Burak Gynecology Training and Research Hospital, Turkey's largest gynecology and obstetrics hospital, between 1992-1996. I started to work as an obstetrician and gynecologist in the same hospital as of January 1997.

At Dr. Zekai Tahir Burak Hospital, I trained many assistants from all departments, particularly the Department of Gynecology, on Hysterectomy, Myomectomy, Vaginal Constriction (Anterior-Posterior Repair; Colporrhaphy Anterior-Posterior) surgeries.

Since 2000, I also started to serve my private practice while concurrently working at Dr. Zekai Tahir Burak Hospital.

From now on, I will be serving at Estetik International, Turkey's best aesthetic surgery center, in Vaginal Aesthetics and Rejuvenation, Myomectomy, Hysterectomy surgeries and other Gynecological and Obstetric issues with my nearly 30 years of experience.
